

Hi, I'm Pippin

I'm a 'forever foster' girl because I came to BTRF with a lot of medical issues, including some suspicious lumps on my tummy, side and tail.

I will stay with my foster mum forever and my amazing care team will keep a very close eye on me to make sure I stay well.

Pippin is twelve years old and she came into the care of BTRF because her owner passed away and she had no one to look after her.

Pippin loves a cuddle with her foster mum and even though she is an older lady, she still bounces around and likes to play with her BTRF house buddy. She is also a 'pocket treat thief' - nothing is safe when Pippin's around.

WHY DOES PIPPIN NEED SPONSORING?

Pippin has the usual range of Beddie ear and skin allergies that are managed with monthly immunotherapy injections, a special diet and supplements. She also suffers with arthritis as an older lady, and this is also managed for her with medication and joint supplements.

She has a very special team of vets advising and looking after her as she has a history of tumours and she is now going blind and deaf.

Your support will help pay for Pippin's on-going vet bills, her immunotherapy, medication and specialist food whilst she lives her very best life with BTRF in foster care.
